

## SERPRO AND SCHNEIDER IN GUADALAJARA L3 SUBWAY

Once again SERPRO and SCHNEIDER join forces to manufacture the equipment that will control the energy of the Line 3 System of the Guadalajara subway.

New equipment that complements this new cutting-edge technology.

Thus, SERPRO joins this important project in the City of Guadalajara in the State of Jalisco, Mexico.

SERPRO is proud to continue seeking technological development and supporting large companies in carrying out their projects.
