

## SERVICIOS PROFESIONALES

### INSTALLATION

- Equipment setup
- Commissioning

As the number of SEPAC equipments continues to grow in power plants and sub-stations, we have seen the necessity to promote a greater specialization of our areas and to decentralize the activities of production to those of service.

Being our essential mission the customer service , we have created:

## Servicios Profesionales de Automatización y Comunicaciones S.A. de C.V

### MAINTENANCE

- Preventive / Corrective
- Service policies

### ENGINEERING

- Update of equipments
- Technical assistance

Company designed to respond to the expectations of the users, related to the following activities:

- SETUP
- MAINTENANCE
- ENGINEERING
- TRAINING
- MANAGEMENT OF SPARE PARTS

### TRAINING

- Courses for operators
- Courses for specialists

Once again . SEPAC demonstrates its intention to establish the necessary mechanisms that will offer professional services and immediate response to any users' requirements.

### MANAGEMENT OF SPARE PARTS

- Stock for standard spare parts
- Special spare parts
