

Starts	October 8th, 2008
Ends	October 10th, 2008
Schedule	8:00 to 22:00 hrs
Venue	Acapulco International Center
Room	Teotihuacan

SERPRO took part in the VII Convention of CFE Power Plants Superintendents, Mexico

The Operation Direction and the Generation Subdirection of the Federal Commission of Electricity (CFE by its acronym in Spanish) organized the Seventh National Convention for Generator Plants Superintendents on October 8th, 9th and 10th 2008 at the Convention Center in Acapulco, Mexico.

SEPEC Corp. is proud of having taken part in the past six years in this Industrial Exhibition of the CFE National Convention, presenting its know-how and most recent projects.

In this event , we are currently exhibiting our state-of-the-art technology in:

- Control and Monitoring Systems for Electric Power Plants
- Dry, Encapsulated and Oil Transformers
- Preventive and Corrective Maintenance
- Speed Regulators
- Voltage Regulators

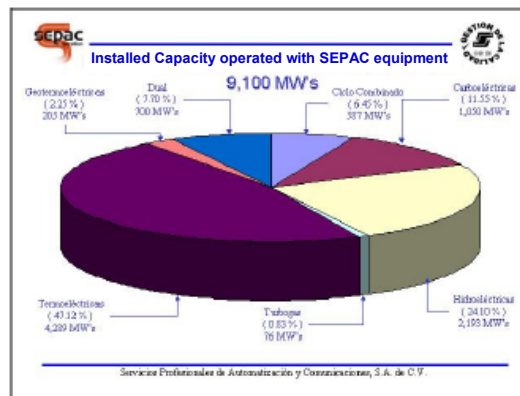

Along its 35 years, **SEPEC Corp.** has installed hundreds of excitation systems. Just in Mexico, we have under the control of our AVR's around 25% of the total generation. In Guatemala, our equipments regulate 95% of the installed capacity.

It must be said that our equipments have also been installed in Colombia, Costa Rica, Honduras, Guatemala and the United States for several years already.

Thanks to its technology and expertise , SEPEC Corp is involved in Mexico , in all kind of power plants :

SEPEC CORP.	PLANT	%	MW
	Thermoelectric	42.12	4,289
	Hydroelectric	24.10	2,193
	Carboelectric	11.55	1,050
	Dual	7.70	700
	Combined Cycle	6.45	587
	Geothermal	2.25	205
	Turbogas	83	76
